How do I get financial support?

Applying for financial support is made simple and easy through the PayMyStudent Portal. This online process enables you to fill out an application form and submit the necessary evidence that will be

used to determine your eligibility. Once the process has been completed, it will also allow you to track your payments.

How do I apply?

PayMyStudent is accessed via the student portal on the College website and there are three simple steps:

Step 1: Registration

To enable you to login and access PayMyStudent, you need to set up an account. When you enrolled at college you will have been given an eight-digit student number, you will need this to set up your account. If you have not yet enrolled and therefore don't have your student number you will need to do this before you can set up your account.

As you progress through the application you will be advised which evidence will be required to support your application. If you have access to a scanner or a smart phone or other digital camera, you can take copies of the required documents and then upload them.

Next you will be asked to enter your bank account details. This is a mandatory part of the application and is needed so that if you require discretionary funding in the future you do not encounter any delays.

When you have uploaded all the necessary pieces of evidence, please sign the declaration and submit your application form. A confirmation email will automaticaly be sent to you.

What type of evidence do I need to provide?

The evidence you will be required to submit alongside your application form depends on your individual circumstances and the answers that you provide for the eligibility questions.
